

Brandenburgische Technische Universität Cottbus

Memorandum of Understanding

between the

UNIVERSITY OF TECHNOLOGY COTTBUS

and the

UNIVERSITY OF SARAJEVO

The purpose of this memorandum of understanding is to lay a foundation for the relationship promoting a cooperation in the fields of teaching and research between the **UNIVERSITY OF TECHNOLOGY COTTBUS** and the **UNIVERSITY OF SARAJEVO**.

Both institutions will make every reasonable effort to encourage and establish direct institute contact and common research. For this purpose both institutions agree to enter into negotiations, which should take place potentially in January 2008 either in Sarajevo or in Ludwigsburg and cover the following general ways of cooperation:

- I. Joint research activities
- II. Exchange of academic materials and academic publications and information
- III. Exchange of faculty members for research, lectures and discussions
- IV. Exchange of graduate and undergraduate students for study and research
- V. Co-organisation and participation in lectures, seminars and conferences
- VI. Co-operation in administrative issues.

The contents of joint activities, the conditions for making use of the results achieved, and the arrangements for specific visits, and scholarly exchanges and other forms of co-operation should be negotiated separately for each specific case by the interested parties.

It is also understood that the implementation of any agreement will commence upon the latter's signing by both parties. The feasibility and terms of any due agreement will be approved by the representatives of both Universities within six month after the above mentioned initial meeting.
