For development of academic cooperation for
 programs of mutual interest, ability and benefit

In order to encourage closer academic ties, University of Sarajevo and Shenandoah University enter into an agreement of cooperation to establish programs of collaboration in areas of interest and benefit to both institutions. This agreement will serve as a general framework for cooperation between the two Universities and is intended to facilitate discussions of more specific programs of collaboration. In principle, the two Universities agree:

- a) to facilitate visits by individuals from each University for the purpose of studying the other's educational system in order to develop cooperative mechanisms and to expand areas of cooperation;
- b) to identify other areas of possible interest and collaboration;
- c) and to make faculty and students aware of the academic programs, research institutes, and educational resources of each other's institutions.

A designated person at each institution shall oversee and facilitate implementation of this agreement in cooperation with other appropriate administrators at the respective institutions.

The scope of activities under this agreement shall be determined by the funds regularly available at both institutions for the types of collaboration undertaken and by such other financial assistance as may be obtained by either institution.

Program specific details will be outlined through addendum to this memorandum of understanding and may be changed through mutual written agreement by both institutions.

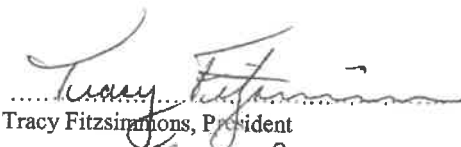

Upon approval by each institution, this agreement shall be in effect until terminated by either institution. Either University may terminate this agreement by giving the other institution at least six months advance notice of their intention to terminate. Termination shall be without penalty.
